ADDENDUM 1

DATE: 10/2/19
PROJECT: Perio Cassettes
ITB NO: 744-B2001
OWNER: The University of Texas Health Science Center at Houston
TO: Prospective Proposers

This Addendum forms part of and modifies Proposal Documents dated, (Date Bid Posted), with amendments and additions noted below.

Questions and Answers.

1. On Exhibit A lines, 17-20 and 29-32 are asking for Color Coded Rings. The majority of the instruments listed above, it is recommended to add color-coded grips. Would you like us to quote on the grips as well or just go with the rings?

   Yes, quote the grips as well. I would like grips on the instruments that use grips and rings on the other instruments.

2. Would like to know if you would prefer for us to do the color coding in house prior to sending the instruments? This would be done at no charge.

   Yes, I would like you to color code the instruments in house prior to sending them. I would also like to have the Yellow/Black coded instruments, color coded and Pre-loaded in cassette IMS-3107. This is line 17 thru 24.

3. Do you already know a delivery schedule for the items on the list?

   WE MUST HAVE THESE ITEMS BY NOVEMBER 29, 2019.
