Room M.101 (plant office)
1941 East Rd.
Houston, TX 77054

1.12.1 A guided tour of the areas related to this project will be included as a part of the conference agenda. This may be the only opportunity for potential respondents to view the Project site(s) before the submittal of Bids. Attendance at the pre-bid conference is not required.

1.13 **ELIGIBLE RESPONDENTS:** Only individual firms or lawfully formed business organizations may apply (This does not preclude a respondent from using consultants.) The Owner will contract only with the individual firm or formal organization that submits a Bid.

1.14 **HISTORICALLY UNDERUTILIZED BUSINESSES SUBMITTAL REQUIREMENTS:** It is the policy of The University of Texas System, and each of its component institutions, to promote and encourage contracting and subcontracting opportunities for Historically Underutilized Businesses (HUB) in all contracts. Accordingly, the University of Texas Health Science Center at Houston (UTHealth) has adopted the Policy on Utilization of Historically Underutilized Businesses. The Policy applies to all contracts with an expected value of $100,000 or more. If UTHealth determines that subcontracting opportunities are probable, then a HUB Subcontracting Plan is a required element of the Bids. Failure to submit a required HUB Subcontracting Plan will result in rejection of the Bids. **The expected value of this ITB is NOT expected to exceed $100,000, and thus a HUB Subcontracting Plan is not required.**

1.15 **CERTAIN BIDS AND CONTRACTS PROHIBITED:** Under Section 2155.004, Texas Government Code, a state agency may not accept a bid or award a contract that includes proposed financial participation by a person who received compensation from the agency to participate in preparing the specifications or request for bids on which the bid or contract is based. All vendors must certify their eligibility by acknowledging the following statement, “Under Section 2155.004, Government Code, the vendor certifies that the individual or business entity named in this bid or contract is not ineligible to receive the specified contract and acknowledges that this contract may be terminated and payment withheld if this certification is inaccurate.” If a state agency determines that an individual or business entity holding a state contract was ineligible to have the contract accepted or awarded as described above, the state agency may immediately terminate the contract without further obligation to the vendor. This section does not create a cause of action to contest a bid or award of a state contract.

1.16 **SALES AND USE TAXES:** Section 151.311, Tax Code, as amended effective October 1, 1993, permits the purchase free of state sales and use taxes of tangible personal property to be incorporated into realty in the performance of a contract for an improvement to realty for certain exempt entities that include The University of Texas System. The section further permits the purchase tax-free of tangible personal property (other than machinery or equipment and its accessories and repair and replacement parts) for use in the performance of such a contract if the property is "necessary and essential for the performance of the contract" and "completely consumed at the job site." In addition, the section permits the purchase tax-free of a tangible service for use...
in the performance of such a contract if the service is performed at the job site and if "the contract expressly requires the specific service to be provided or purchased by the person performing the contract" or "the service is integral to the performance of the contract."

1.17 **CERTIFICATION OF FRANCHISE TAX STATUS:** Respondents are advised that the successful respondent will be required to submit certification of franchise tax status as required by State Law (H.B. 175, Acts 70th Leg. R.S., 1987, Ch. 283, p. 3242). The Respondent further agrees that each subcontractor and supplier under contract will also provide a certification of franchise tax status.

1.18 **REQUIRED NOTICES OF WORKERS' COMPENSATION INSURANCE COVERAGE:** The Texas Workers’ Compensation Commission has adopted a new rule, 28 TAC, sec. 110.110, relating to REPORTING REQUIREMENTS FOR BUILDING OR CONSTRUCTION PROJECTS FOR GOVERNMENTAL ENTITIES. The rule applies to all building or construction contracts advertised for bid on or after September 1, 1994. The rule implements sec. 406.096, Texas Labor Code, which requires workers’ compensation insurance coverage for all persons providing services on a building or construction project for a governmental entity. The requirements of the rule are set forth in Article 6 of the Uniform General Conditions.

1.19 **PREVAILING MINIMUM WAGE RATE DETERMINATION:** Respondents are advised that they are to use the most recent Prevailing Wage Determination for Houston/Galveston Area Rates. [https://www.uth.edu/dotAsset/8ea863dd-4838-4d8d-8a74-6538c1e272e0.pdf](https://www.uth.edu/dotAsset/8ea863dd-4838-4d8d-8a74-6538c1e272e0.pdf)

1.20 **DELINQUENCY IN PAYING CHILD SUPPORT:** Under Section 231.006, Family Code, the vendor or applicant certifies that the individual or business entity named in this contract, bid, or application is not ineligible to receive the specified grant, loan, or payment and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate.
