UTHealth combines biomedical sciences, behavioral sciences, and the humanities to provide interdisciplinary activities essential to the definition of modern academic health science education. UTHealth is committed to providing health professional education and training for students, and is dedicated to providing excellence in research and patient care, which is offered through its clinics, Memorial Hermann Hospital System (its primary teaching hospital), and other affiliated institutions. UTHealth is a major part of the concentration of medical schools, hospitals and research facilities generally referred to as the Texas Medical Center.

The University of Texas Health Science Center at Houston System has nearly 13,000 employees and approximately 5,000 students. As a component of the University of Texas System, UTHealth is subject to the “Rules and Regulations of the Board of Regents of the University of Texas System for the government of The University of Texas System.”

An “Institutional Affiliate” means our affiliated Clinical practice, UT Physicians group, as designated by University, in connection with any Agreement.

1.2 Background and Special Circumstances

The University of Texas Health Science Center at Houston is soliciting bids for work at The McGovern Medical School. The scope of work will include the replacement of 5kV cabling from the penthouse main switchgear to termination and splice points in the basement.

1.3 General Information

The Owner may select the Bid that offers the “best value” for the institution based on the published selection criteria and on its ranking evaluation. The Owner may first attempt to negotiate a contract with the selected offeror. The Owner may discuss with the selected offeror options for a scope or time modification and any price change associated with the modification. If the Owner is unable to reach a contract with the selected offeror, the Owner may formally end negotiations with that offeror.
and proceed to the next “best value” offeror in the order of the selection ranking until a contract is reached or all bids are rejected.

1.4 **Type of Contract**

Any contract resulting from this solicitation will be in the form of the Owner’s Standard General Contractor Agreement, a copy of which is included in the Bidding Documents.

The work will be awarded under as a Lump-Sum contract to the Respondent offering the “best value” to the Owner.

1.5 **Objective of this Request for Proposal**

The University of Texas Health Science Center at Houston ("UTHealth") is soliciting proposals in response to this Request for Proposal for Selection of a Vendor to Provide the replacement of 5kV cabling from the penthouse main switchgear to termination and splice points in the basement, RFP No. 744-R2012 (this “RFP”), from qualified vendors. The Services, which are more specifically described in Section 5.4 (Scope of Work) of this RFP and construction specifications and drawings.

1.6 **Group Purchase Authority**

Texas law authorizes institutions of higher education (defined by Section 61.003, *Education Code*) to use the group purchasing procurement method (ref. Sections 51.9335, 73.115, and 74.008, *Education Code*). Additional Texas institutions of higher education may therefore elect to enter into a contract with the successful Proposer under this RFP. In particular, Proposer should note that University is part of The University of Texas System (UT System), which is comprised of fourteen institutions described at [http://www.utsystem.edu/institutions](http://www.utsystem.edu/institutions). UT System institutions routinely evaluate whether a contract resulting from a procurement conducted by one of the institutions might be suitable for use by another, and if so, this RFP could give rise to additional purchase volumes. As a result, in submitting its proposal, Proposer should consider proposing a pricing model and other commercial terms that take into account the higher volumes and other expanded opportunities that could result from the eventual inclusion of other institutions in the purchase contemplated by this RFP. Any purchases made by other institutions based on this RFP will be the sole responsibility of those institutions.

2.5 Historically Underutilized Businesses

2.5.1 All agencies of the State of Texas are required to make a good faith effort to assist historically underutilized businesses (HUBs) in receiving contract awards. The goal of the HUB program is to promote full and equal business opportunity for all businesses in contracting with state agencies. Pursuant to the HUB program, if under the terms of any agreement or contractual arrangement resulting from this RFP, Contractor subcontracts any Work, then Contractor must make a good faith effort to utilize HUBs certified by the Procurement and Support Services Division of the Texas Comptroller of Public Accounts. Proposals that fail to comply with the requirements contained in this Section 2.5 will constitute a material failure to comply with advertised specifications and will be rejected by University as non-responsive. Additionally, compliance with good faith effort guidelines is a condition precedent to awarding any agreement or contractual arrangement resulting from this RFP. Proposer acknowledges that, if selected by University, its obligation to make a good faith effort to utilize HUBs when subcontracting any Work will continue throughout the term of all agreements and contractual arrangements resulting from this RFP. Furthermore, any subcontracting of Work by the Proposer is subject to review by University to ensure compliance with the HUB program.

2.5.2 University has reviewed this RFP in accordance with 34 TAC Section 20.13(a), and has determined that subcontracting opportunities are probable under this RFP.

2.5.3 A HUB Subcontracting Plan (HSP) is a required part of the proposal. The HSP will be developed and administered in accordance with University’s Policy on Utilization of Historically Underutilized Businesses, attached as APPENDIX THREE.
Each Proposer must complete and return the HSP in accordance with the terms and conditions of this RFP, including APPENDIX THREE. Proposers that fail to submit the HSP will be considered non-responsive to this RFP as required by Section 2161.252, Government Code.

Questions regarding the HSP may be directed to:

Contact: Shaun McGowan  
HUB & Small Business Program Manager  
Phone: (713) 500-4862  
Email: Shaun.A.McGowan@uth.tmc.edu

Contractor will not be permitted to change its HSP unless: (1) Contractor completes a new HSP in accordance with the terms of APPENDIX THREE, setting forth all modifications requested by Contractor, (2) Contractor provides the modified HSP to University, (3) University approves the modified HSP in writing, and (4) all agreements resulting from this RFP are amended in writing to conform to the modified HSP.

2.5.4 At the same time Proposer submits its proposal (no later than the Submittal Deadline (ref. Section 2.1)), Proposer must submit the following HUB materials (HUB Materials):

Two (2) complete original paper copies of Proposer’s HSP. Proposer’s HUB Materials must be submitted (as instructed in Section 3.2) under separate cover and in a separate envelope (HSP Envelope) with the top outside surface clearly indicating:

2.5.4.1 RFP No. and the Submittal Deadline (ref. Section 2.1) in the lower left hand corner,

2.5.4.2 Name and the return address of Proposer, and

2.5.4.3 Phrase “HUB Subcontracting Plan.”

Any proposal submitted in response to this RFP that is not accompanied by a separate HSP Envelope meeting the above requirements may be rejected by University and returned to Proposer unopened as non-responsive due to material failure to comply with advertised specifications.

University will open Proposer’s HSP Envelope prior to opening the proposal to confirm Proposer submitted the HSP. Proposer’s failure to submit the HSP will result in University’s rejection of the proposal as non-responsive due to material failure to comply with advertised specifications.

NOTE: The requirement that Proposer provide the HSP under this Section 2.5.4 is separate from and does not affect Proposer’s obligation to provide University with the number of copies of its proposal specified in Section 3.1.

2.5.5 University may offer Proposer an opportunity to seek informal review of its draft HSP by University’s HUB Office before the Submittal Deadline. If University extends this offer, details will be provided at the Pre-Proposal Conference (ref. Section 2.6) or by other means. Informal review is designed to help address questions Proposer may have about how to complete its HSP properly. Concurrence or comment on Proposer’s draft HSP by University will not constitute formal approval of the HSP, and will not eliminate the need for Proposer to submit its final HSP to University as instructed by Section 2.5.

2.6 Pre-Proposal Conference

University will hold a pre-proposal conference at 10:00AM, CST on Tuesday March 17, 2020, in Room MSB B.612 of the McGovern Medical School Building (MSB). The pre-proposal conference
will allow all Proposers an opportunity to ask University’s representatives relevant questions and
clarify provisions of this RFP.

A guided tour of the areas related to this project will be included as a part of the conference agenda.
This may be the only opportunity for potential respondents to view the Project site(s) before the
submittal of Bids. Attendance at the pre-bid conference is not required.

2.7 Sales and Use Taxes

Section 151.311, Tax Code, as amended effective October 1, 1993, permits the purchase free of
state sales and use taxes of tangible personal property to be incorporated into realty in the
performance of a contract for an improvement to realty for certain exempt entities that include The
University of Texas System. The section further permits the purchase tax-free of tangible personal
property (other than machinery or equipment and its accessories and repair and replacement parts)
for use in the performance of such a contract if the property is "necessary and essential for the
performance of the contract" and "completely consumed at the job site." In addition, the section
permits the purchase tax-free of a tangible service for use in the performance of such a contract if
the service is performed at the job site and if "the contract expressly requires the specific service
to be provided or purchased by the person performing the contract" or "the service is integral to the
performance of the contract."

2.8 Certification of Franchise Tax Status

Respondents are advised that the successful respondent will be required to submit certification of
franchise tax status as required by State Law (H.B. 175, Acts 70th Leg. R.S., 1987, Ch. 283, p.
3242). The Respondent further agrees that each subcontractor and supplier under contract will
also provide a certification of franchise tax status.

2.9 Required Notices of Workers’ Compensation Insurance Coverage

The Texas Workers’ Compensation Commission has adopted a new rule, 28 TAC, sec. 110.110,
relating to REPORTING REQUIREMENTS FOR BUILDING OR CONSTRUCTION PROJECTS
FOR GOVERNMENTAL ENTITIES. The rule applies to all building or construction contracts
advertised for bid on or after September 1, 1994. The rule implements sec. 406.096, Texas Labor
Code, which requires workers' compensation insurance coverage for all persons providing services
on a building or construction project for a governmental entity. The requirements of the rule are
set forth in Article 6 of the Uniform General Conditions.

2.10 Prevailing Minimum Wage Rate Determination

Respondents are advised that they are to use the most recent Prevailing Wage Determination for
Houston/Galveston Area Rates. http://www.eng.hctx.net/Consultants/Construction/Prevailing-
Wage-Rates

2.11 Delinquency in Paying Child Support

Under Section 231.006, Family Code, the vendor or applicant certifies that the individual or
business entity named in this contract, bid, or application is not ineligible to receive the specified
grant, loan, or payment and acknowledges that this contract may be terminated and payment may
be withheld if this certification is inaccurate.

The Owner reserves the right to divide the Project into multiple parts, to reject any and all Bids and re-solicit for new Bids, or to reject any and all Bids and temporarily or permanently abandon the Project. Owner reserves the right to award any, all, or none of the Project. Owner makes no representations, written or oral, that it will enter into any form of agreement with any respondent to this RFP for any project and no such representation is intended or should be construed by the issuance of this RFP.

SECTION 4

GENERAL TERMS AND CONDITIONS

The terms and conditions contained in the attached Agreement (ref. APPENDIX TWO) or, in the sole discretion of University, terms and conditions substantially similar to those contained in the Agreement, will constitute and govern any agreement that results from this RFP. If Proposer takes exception to any terms or conditions set forth in the Agreement, Proposer will submit a list of the exceptions as part of its proposal in accordance with Section 5.3.1. Proposer’s exceptions will be reviewed by University and may result in disqualification of Proposer’s proposal as non-responsive to this RFP. If Proposer’s exceptions do not result in disqualification of Proposer’s proposal, then University may consider Proposer’s exceptions when University evaluates the Proposer’s proposal.
SECTION 5

SPECIFICATIONS AND ADDITIONAL QUESTIONS

If you do not include this letter, your bid will be considered incomplete and will be rejected. This building supports education, critical research, and administration and must remain fully operational for the duration of the project. Any required outages must be justified and approved by the ODR.

5.4 Drawings and Specifications

5.5.1 If Proposer takes exception to any terms or conditions set forth in the Agreement (ref. APPENDIX TWO), Proposer must submit a list of the exceptions.

5.5.2 Please describe, in detail, the methods proposed to remove and repull new cable. Include equipment type, placement, special considerations, and any other items related to this scope.

5.5.3 Because this building holds active research and laboratory samples, interruption of power is undesirable. Please describe your plan to replace the 2 feeders in the pull box with the other 2 feeders remaining energized.

5.5.4 Please provide your firm's experience on past projects that include similar scopes of work on facilities which remained operational through the duration of the work. Provide owner references for these projects.

5.5.5 The work can be performed during normal working hours, however, there must be every concession made to ensure that all traffic (pedestrian and vehicular), and other egress remain unobstructed unless approved by ODR. Special Conditions for noisy and disruptive work also apply.

5.5.6 Contractor will be required to provide testing reports for new cable. Please indicate the company, and their experience, which will be performing this testing. Provide owner references from their previous projects.

5.5.7 Provide resumes for the project manager, construction supervisor and any other key staff that will be working on this project.

Any interested party that receives this RFP by means other than directly from University is responsible for notifying University that it has received an RFP package, and should provide its name, address, telephone and facsimile (FAX) numbers, and email address, to University, so that if University issues Addenda to this RFP or provides written answers to questions, that information can be provided to that party.

1.3 Public Information

Proposer is hereby notified that University strictly adheres to all statutes, court decisions and the opinions of the Texas Attorney General with respect to disclosure of public information.

University may seek to protect from disclosure all information submitted in response to this RFP until such time as a final agreement is executed.

Upon execution of a final agreement, University will consider all information, documentation, and other materials requested to be submitted in response to this RFP, to be of a non-confidential and non-proprietary nature and, therefore, subject to public disclosure under the Texas Public Information Act (ref. Chapter 552, Government Code). Proposer will be advised of a request for public information that implicates their materials and will have the opportunity to raise any objections to disclosure to the Texas Attorney General. Certain information may be protected from release under Sections 552.101, 552.104, 552.110, 552.113, and 552.131, Government Code.

1.4 Type of Agreement

Contractor, if any, will be required to enter into a contract with University in a form substantially similar to the Agreement between University and Contractor attached to this RFP as APPENDIX TWO, and otherwise acceptable to University in all respects (Agreement).

1.5 Proposal Evaluation Process

University will select Contractor by using the competitive sealed proposal process described in this Section. Any proposals that are not submitted by the Submittal Deadline or that are not accompanied by required number of completed and signed originals of the HSP will be rejected by University as non-responsive due to material failure to comply with this RFP (ref. Section 2.5.4). Upon completion of the initial review and evaluation of proposals, University may invite one or more selected Proposers to participate in oral presentations. University will use commercially reasonable efforts to avoid public disclosure of the contents of a proposal prior to selection of Contractor.

University may make the selection of Contractor on the basis of the proposals initially submitted, without discussion, clarification or modification. In the alternative, University may make the selection of Contractor on the basis of negotiation with any of the Proposers. In conducting negotiations, University will use commercially reasonable efforts to avoid disclosing the contents of competing proposals.

University may discuss and negotiate all elements of proposals submitted by Proposers within a specified competitive range. For purposes of negotiation, University may establish, after an initial review of the proposals, a competitive range of acceptable or potentially acceptable proposals composed of the highest rated proposal(s). In that event, University may
defer further action on proposals not included within the competitive range pending the selection of Contractor; provided, however, University reserves the right to include additional proposals in the competitive range if deemed to be in the best interest of University.

After the Submittal Deadline but before final selection of Contractor, University may permit Proposer to revise its proposal in order to obtain the Proposer's best and final offer. In that event, representations made by Proposer in its revised proposal, including price and fee quotes, will be binding on Proposer. University will provide each Proposer within the competitive range with an equal opportunity for discussion and revision of its proposal. University is not obligated to select the Proposer offering the most attractive economic terms if that Proposer is not the most advantageous to University overall, as determined by University.

University reserves the right to (a) enter into an agreement for all or any portion of the requirements and specifications set forth in this RFP with one or more Proposers, (b) reject any and all proposals and re-solicit proposals, or (c) reject any and all proposals and temporarily or permanently abandon this selection process, if deemed to be in the best interests of University. Proposer is hereby notified that University will maintain in its files concerning this RFP a written record of the basis upon which a selection, if any, is made by University.

1.6 Proposer's Acceptance of RFP Terms

Proposer (1) accepts [a] Proposal Evaluation Process (ref. Section 1.5 of APPENDIX ONE), [b] Criteria for Selection (ref. Section 2.3), [c] Specifications and Additional Questions (ref. Section 5), [d] terms and conditions of the Agreement (ref. APPENDIX TWO), and [e] all other requirements and specifications set forth in this RFP; and (2) acknowledges that some subjective judgments must be made by University during this RFP process.

1.7 Solicitation for Proposal and Proposal Preparation Costs

Proposer understands and agrees that (1) this RFP is a solicitation for proposals and University has made no representation written or oral that one or more agreements with University will be awarded under this RFP; (2) University issues this RFP predicated on University's anticipated requirements for Work, and University has made no representation, written or oral, that any particular scope of work will actually be required by University; and (3) Proposer will bear, as its sole risk and responsibility, any cost that arises from Proposer’s preparation of a proposal in response to this RFP.

1.8 Proposal Requirements and General Instructions

1.8.1 Proposer should carefully read the information contained herein and submit a complete proposal in response to all requirements and questions as directed.

1.8.2 Proposals and any other information submitted by Proposer in response to this RFP will become the property of University.

1.8.3 University will not provide compensation to Proposer for any expenses incurred by the Proposer for proposal preparation or for demonstrations or oral presentations that may be made by Proposer. Proposer submits its proposal at its own risk and expense.

1.8.4 Proposals that (i) are qualified with conditional clauses; (ii) alter, modify, or revise this RFP in any way; or (iii) contain irregularities of any kind, are subject to disqualification by University, at University's sole discretion.

1.8.5 Proposals should be prepared simply and economically, providing a straightforward, concise description of Proposer's ability to meet the requirements and specifications of this RFP. Emphasis should be on completeness, clarity of content, and responsiveness to the requirements and specifications of this RFP.

1.8.6 University makes no warranty or guarantee that an award will be made as a result of this RFP. University reserves the right to accept or reject any or all proposals, waive any formalities, procedural requirements, or minor technical inconsistencies, and delete any requirement or specification from this RFP or the Agreement when deemed to be in University's best interest. University reserves the right to seek clarification from any Proposer concerning any item contained in its proposal prior to final selection. Such clarification may be provided by telephone conference or personal meeting with or writing to University, at University’s sole discretion. Representations made by Proposer within its proposal will be binding on Proposer.

1.8.7 Any proposal that fails to comply with the requirements contained in this RFP may be rejected by University, in University’s sole discretion.

Proposer should explain the reason when responding N/A or N/R.

1.9.2 Execution of Offer

Proposer must complete, sign and return the attached Execution of Offer (ref. Section 2 of APPENDIX ONE) as part of its proposal. Proposer must complete and return the Pricing and Delivery Schedule (ref. Section 6), as part of its proposal. In the Pricing and Delivery Schedule, the Proposer should describe in detail (a) the total fees for the entire scope of Work; and (b) the method by which the fees are calculated. The fees must be inclusive of all associated costs for delivery, labor, insurance, taxes, overhead, and profit.

University will not recognize or accept any charges or fees to perform Work that are not specifically stated in the Pricing and Delivery Schedule.

In the Pricing and Delivery Schedule, Proposer should describe each significant phase in the process of providing Work to University, and the time period within which Proposer proposes to be able to complete each such phase.

1.9.4 Proposer's General Questionnaire

Proposals must include responses to the questions in Proposer's General Questionnaire (ref. Section 3 of APPENDIX ONE). Proposer should reference the item number and repeat the question in its response. Any proposal received without a completed and signed Addenda Checklist may be rejected by University, in its sole discretion.

Proposer should submit all proposal materials as instructed in Section 3. RFP No. (ref. Title Page) and Submittal Deadline (ref. University will not under any circumstances consider a proposal that is received after the Submittal Deadline or which is not accompanied by the HSP as required by Section 2.6. University will not accept proposals submitted by telephone or FAX transmission.

Except as otherwise provided in this RFP, no proposal may be changed, amended, or modified after it has been submitted to University. However, a proposal may be withdrawn and resubmitted at any time prior to the Submittal Deadline. No proposal may be withdrawn after the Submittal Deadline without University’s consent, which will be based on Proposer's written request explaining and documenting the reason for withdrawal, which is acceptable to University.
SECTION 2

2.1.2 This RFP is a solicitation for a proposal and is not a contract or an offer to contract. Submission of a proposal by Proposer in response to this RFP will not create a contract between University and Proposer. University has made no representation or warranty, written or oral, that one or more contracts with University will be awarded under this RFP. Proposer will bear, as its sole risk and responsibility, any cost arising from Proposer’s preparation of a response to this RFP.

Submission of a proposal is Proposer’s good faith intent to enter into the Agreement with University as specified in this RFP and that Proposer’s intent is not contingent upon University’s acceptance or execution of any terms, conditions, or other documents attached to or referenced in Proposer’s proposal.

2.1.13 Pursuant to Chapter 2270, Texas Government Code, Proposer certifies it (1) does not currently boycott Israel; and (2) will not boycott Israel during the term of any contract or agreement resulting from this RFP.
