

Certification for Serious Injury or Illness of a Current Servicemember for Military Family Leave (Family and Medical Leave Act)

NOTICE and INSTRUCTIONS to the Employer: The Family and Medical Leave Act (“FMLA”) provides that an employer may require an employee seeking FMLA due to a serious injury or illness of a current servicemember to submit a certification providing sufficient facts to support the request for leave. You may not ask the employee to provide more information than allowed under the FMLA regulations. Employers must generally maintain records and documents relating to medical certifications, recertifications, or medical histories of employees or employee’s family members, created for FMLA purposes as confidential medical records in separate files/records from the usual personnel files, if the Americans with Disabilities Act applies and the Genetic Information Nondiscrimination Act applies.

Section I: For Completion by the EMPLOYEE and/ or CURRENT SERVICEMEMBER for whom the Employee is Requesting Leave

INSTRUCTIONS to the Employee and/or the Current Servicemember: Please complete Section I before having Section II completed. The FMLA permits an employer to require that an employee submit a timely, complete, and sufficient certification to support a request for FMLA leave due to a serious injury or illness of a servicemember. If requested by the employer, your response is required to obtain or retain the benefit of FMLA-protected leave. Failure to do so may result in a denial of an employee’s FMLA request. The employer must give the employee at least 15 calendar days to return this form to the employer.

Section II: For Completion by a UNITED STATES DEPARTMENT OF DEFENSE (“DOD”) HEALTH CARE PROVIDER or a HEALTH CARE PROVIDER who is either: (1) a United States Department of Veterans Affairs (“VA”) health care provider; (2) a DOD TRICARE network authorized private health care provider; (3) a DOD non-network TRICARE authorized private health care provider; or (4) other health care provider.

INSTRUCTIONS to the HEALTH CARE PROVIDER: The employee listed on Page 2 has requested leave under the FMLA to care for a family member who is a current member of the Regular Armed Forces, the National Guard, or the Reserves who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list for a serious injury or illness. For purposes of FMLA leave, a serious injury or illness is one that was incurred in the line of duty on active duty in the Armed Forces or that

existed before the beginning of the members' active duty, and was aggravated by service in the line of duty on active duty in the Armed Forces that may render the servicemember medically unfit to perform the duties of his or her office, grade, rank, or rating.

A complete and sufficient certification to support a request for FMLA leave due to a current servicemember's serious injury or illness includes written documentation confirming that the current servicemember's injury or illness was incurred in the line of duty on active duty or if not, that the current servicemember's injury or illness existed before the beginning of the servicemember's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces, and that the current servicemember is undergoing treatment for such injury or illness by a health care provider listed above. Answer, fully and completely, all applicable parts. Several questions seek a response as to the frequency or duration of a condition, treatment, etc. Your answer should be your best estimate based upon your medical knowledge, experience, and examination of the patient. Be as specific as you can; terms such as "lifetime," "unknown," or "indeterminate" may not be sufficient to determine FMLA coverage. Limit your responses to the servicemember's condition for which the employee is seeking leave. Do not provide information about genetic tests or genetic service.

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we are asking that you not provide any genetic information when responding to this request for medical information. "Genetic Information" as defined by GINA includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services. Please note this exception to the statement above: Family medical history is required to the extent necessary to make the medical certification complete and sufficient.
