How to **contribute** samples and/or data to the CCTS Biobank for collaborative sharing

1) Have informed consents that allow for future use & data sharing
2) Sign a “Contributing Investigator Agreement Form”
3) Maintain custodianship of your samples & data until you approve sharing with a qualified requesting investigator

How to **request** samples and/or data from the CCTS Biobank to help expedite your research

1) Log in to the Sample Location and Enhanced Distribution (SLED) system via the Biobank website, or at:  [https://biobank.uth.tmc.edu/BBCIS/](https://biobank.uth.tmc.edu/BBCIS/)
2) Query for samples and/or data & submit a request
3) Sign a “Receiving Investigator Agreement Form”

Contact the Biobank Program Coordinator, for further information at:  [UTHealth_CCTS_Biobank@uth.tmc.edu](mailto:UTHealth_CCTS_Biobank@uth.tmc.edu) or 713-500-2092.
