

Trailblazers

A MATCHING PROGRAM TO AMPLIFY YOUR IMPACT

UTHealth Houston Trailblazers pursue a vision of a healthier future for all, and they demonstrate this by investing their talent, time, and philanthropic support to advance initiatives that will leave an indelible mark on generations to come.

Through the **UTHealth Houston Trailblazers** program, you can double the impact of your gift while demonstrating your commitment to improving health. For a limited time, the university will provide a one-to-one match with institutional funds to new, qualified pledges of \$100,000 to \$1,000,000 made to enhance existing endowments or to establish new ones.

Endowments provide UTHealth Houston with a permanent source of funding to address the most critical health challenges facing our patients, city, state, and health care system. Earned income supports the cause designated by you, while the corpus is never spent, allowing the endowment to carry on in perpetuity.

Whether you enrich the academic environment of students, jumpstart innovative research, or bolster community outreach programs, your support will place you at the forefront of improving health for our friends, families, and neighbors. Together, we can pursue new frontiers that will leave a lasting impact on our communities.
