Since AE-University Housing is owned and operated by the State of Texas, guidelines for the protection of our residents and the State’s property are strictly enforced.

What this means for you:

- At least once per year, an inspection is done of all apartments to make sure that the life safety equipment is working and operational.

- From time to time, other types of inspections might need to be done in order to comply with State Law.

- Unless an emergency situation arises, AE-University Housing will notify residents at least forty eight (48) hours in advance of a scheduled inspection.
