AE-University Housing Policy Regarding Excessive Noise

AE-University Housing does not tolerate behaviors by residents or guests that unduly disturb others:

• AE-University Housing has defined quiet hours from 9:00 pm to 6:00 am. This means that during these hours, attention should be paid to limiting loud music, talking or shouting, boisterous activity, or any other behavior that could disturb others.

• Since the Leasing Office is not open during “quiet hours”, excessive noise should be reported to the UT Police (713.792.2890)

• The UT Police will act as a non-biased third party to determine whether the noise is excessive. If UT Police determine that the noise or behavior is excessively loud or boisterous, this will be stated in the daily activity report that is distributed to the Leasing Office. The Leasing Office will then notify the offender.

  o 1st Offense will result in a warning
  o 2nd Offense will constitute a fine
  o 3rd Offense will result in eviction
