

**SUPPLEMENTAL SUMMARY FOR THE FY2011 SEMI-ANNUAL HUB REPORT
AGENCY NO. 744**

This supplement to the Fiscal Year 2012 Annual (9/01/11 to 08/31/12) Historically Underutilized Business Report presents a more comprehensive review of the University of Texas Health Science Center at Houston's (UTHealth) efforts that are not currently recognized in the existing TPASS reporting format.

Among our inreach efforts, we: 1) identified HUB contracting and subcontracting opportunities through one-on-one communication with buyers; 2) organized catalog and calendar distribution shows at four schools to promote HUB office supply vendor; 3) met quarterly with our HUB Advisory Group to communicate HUB Program information throughout the UTHealth community; 4) met with the President of UTHealth to update him on the progress of the HUB program; 5) profiled six new HUB vendors on the Procurement Services website as well as scheduled events for them to present on campus; 6) organized Spring HUB vendor fair to kick off new fiscal year; 7) coordinated multiple office supply swaps with HUB office supply vendor; and 8) sent an informative email each month to all administrative new hires introducing them to Procurement Services and the HUB program.

The HUB Program was actively involved in pre-bid conferences and assisted prime contractors to find certified HUBs as subcontractors. We assisted three (3) vendors to attain HUB certification in the Texas Procurement and Support Services HUB certification process. UTHealth supports minority and woman-owned businesses through outreach efforts including participation in: 1) monthly Greater Houston Business Procurement Forum meetings; 2) the Small Business Administration's Matchmaking Event at the Houston Community College System; 3) the Houston Minority Supplier Diversity Council's Annual EXPO; 4) sponsoring a mentor protégé relationship; and 5) SBA Quarterly meetings.

UTHealth, as a healthcare and research institution, must contract for goods and services in specific categories for which there is minimal or no HUB availability. We continue to research HUB potential in these areas, however, some non-availability continues. These areas include medical/laboratory products, chemicals, blood and blood products.

Richard Rawson
Director of Purchasing
University of Texas Health Science Center at Houston

SUPPLEMENTAL REPORTING FORM

BUSINESSES PARTICIPATING IN STATE BOND ISSUANCES

(Applicable to State of Texas Bond Issuers Only)
