In 2015, a Consortium was created in Texas to facilitate inter-institutional collaboration around *interprofessional practice and education (IPE)*.

The *Texas IPE Consortium* consists of *key representatives* from the state’s academic health professions institutions.
MISSION & VISION

Mission: The mission of the Texas Interprofessional Practice and Education (IPE) Consortium is to create a Texas Community of Practice (CoP) specializing in interprofessional practice and education in order to share best practices, facilitate the successful implementation of team-based collaborative care in a variety of practice settings, and develop collaborative, innovative, and interprofessional pedagogies that will transform healthcare education across the state of Texas.

Vision: The Texas Interprofessional Practice and Education (IPE) Consortium aspires to become a state and national model of inter-institutional collaboration around interprofessional practice and education to innovate healthcare education, enhance the patient experience, and improve individual and population health outcomes, accessibility, and affordability.

Introductions
Liberating Structures offer 33 alternative approaches to collaborating.

By introducing tiny shifts in the way people meet, plan, decide and relate to one another, Liberating Structures improve teamwork.

Foster participation in teams, making it possible to truly include and unleash everyone.

Include and engage all participants.

Foster the sharing and understanding of ideas and different perspectives.

Break down barriers to communication created by traditional/organizational hierarchies.
Liberating Structure: Impromptu Networking

- Initiates participation
- Attracts deeper engagement around challenges
- Affirms individual contributions to solutions
- Emphasize the power of new connections
- What big challenge do you bring to this meeting? What do you hope to get from and give to this group or community?

LIBERATING STRUCTURE – 15% SOLUTIONS

15% Solutions

- Move away from blockage, negativism, and powerlessness
- Have people discover their individual and collective power
- Reveal bottom-up solutions
- Share actionable ideas and help one another
- Close the knowing-doing gap
- What is your 15 percent? Where do you have discretion and freedom to act? What can you do without more resources or authority?
