* The swimming pool always closes 30 minutes prior to facility closing.
  Note: Hours subject to change with advance notice

December Holidays/Semester Break – depending on the university holiday schedule, we are usually open between Christmas and New Year’s on a modified schedule. Our typical holiday hours are 10am-8pm, or 6am-8pm weekdays, pending staffing availability. The actual hours will be posted in advance once finalized by early December.

Note: We normally schedule any major or necessary maintenance during the slower non-peak seasons of the year, so on occasion we may use these scheduled holidays to accomplish maintenance & special projects. Advanced notice will be provided in such cases.

Attention Pool Users:
During facility closures, we typically have an arrangement for swimmers to use the pool and locker rooms at the West University Place Recreation Center. This arrangement is for current Rec Center members only and does not include general facility use.
For more details see Aquatics.
