

myUTH - Student Login & Navigation

Login

Go to the [Registrar's website](#)

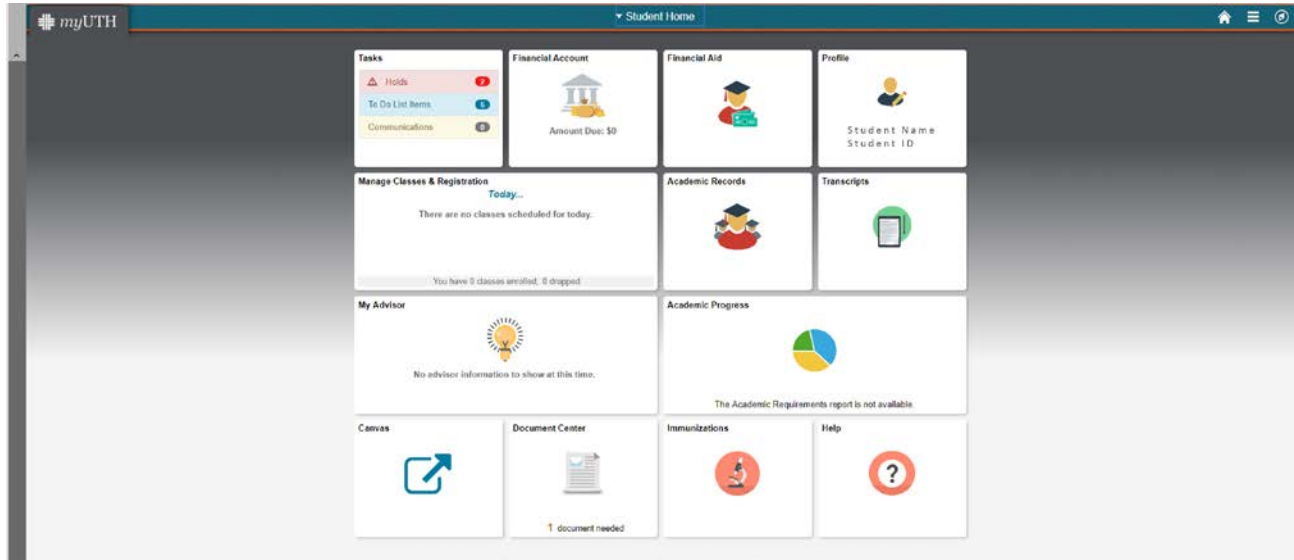

- click on myUTH in the left navigation area
- click on the Students & Faculty/Designee link to access the myUTH login page (below)
- (1) UTHealth students use the main page to login. If students are on campus or on the UTH network DUO authentication will not be required. If students are off campus or not on the UTH network DUO authentication will be required. If you need assistance using DUO, please contact the UTHealth Helpdesk at 713 486 4848
- (2) MD Anderson School of Health Professions students will need to click on the MDA logo to login from the main page. You will need to use your MDA login credentials and follow the MDA standards to authenticate into the system.

The screenshot shows the myUTH login interface. At the top left is the UTHealth logo with the text 'The University of Texas Health Science Center at Houston'. To the right, a 'Protected Resource' warning states: 'This resources is requesting authentication. You may optionally select one of these alternate authentication methods for equal or stronger authentication:'. Below this are two options: 'MD Anderson Cancer Center' (with a logo and a circled '2') and 'Alumni Home' (with a dropdown arrow and a circled '2'). On the left, under 'Campus Logon', there is a form with a username field (circled '1'), a password field, and a 'Log in' button. Below the form are links for 'Change Password | Password Help' and contact information for the UTHealth Help Desk. A warning message at the bottom states: 'WARNING! You are currently accessing a protected information resource. Unauthorized use is PROHIBITED! Usage of this system may be subject to security testing and monitoring. Misuse is subject to criminal prosecution. There is no expectation of privacy except as otherwise provided by applicable privacy laws.' At the very bottom are links for 'Privacy & Security | Contact | UTHealth'.

myUTH - Student Login & Navigation

Navigation

Student Home Page - students will see the main tiles once they are logged into [myUTH](#).
