Safety Bob gave the following updates:
- 1. N95 Fit testing will accommodate with schools
- 2. UTHealth Houston Alert – state law requires that all students be enrolled
  - UTHealth Alert sends notifications about imminent weather and other emergencies
  - The university never closes, but can go to controlled access for students and faculty
    - Classroom instruction will be up to faculty, whether it will be online or cancelled
  - Inpatient care will happen at HCPC during emergencies
- Safety Tests are mandated twice a year
- Next upgrade of UTHealth Houston mobile app will come out soon
- Nov 9-10 Safety and UTPD, will conduct a lighting walking
  - They will walk migratory path of students and will improve student lighting
  - Lighting issues should be reported to Safety Management
- Questions/Comments:
  - Jayanta – “What is the best way to reach the Safety department
    - safetybob@uth.tmc.edu
  - “Is it possible to have a webinar for students to report safety concerns”
    - Safety website has a anonyms line for student feedback
  - Kate advised Safety Bob that if there is anything that you need from SIC to reach out to her.
  - Elnora – Can you clarify the difference of safety and security
    - The difference is Intent:
      - Safety is a part of being secure against unintended threats
      - Security is looking at aspects of malicious intent
        - i.e. Someone coming into campus to do harm

III. Fall Events and Dates
