

Safari

From the Safari History menu select Clear History and then select All History to clear your browsing history and cookies.

Chrome

In the upper right-hand corner of the Chrome window, find and click on the 3 vertical dots to display the menu, then select *“Clear browsing data...”* option.

From the *“Clear browsing data”* page ensure the Time Range setting is set to *“All time”* and the 3 data types are checked and then click on Clear data.
