### [Hoop Policy 186](#) – Student Conduct and Discipline

All students are required to obey federal, state, and local laws and to comply with the University of Texas System ("UT System") Board of Regents' Rules and Regulations, the rules and regulations of The University of Texas Health Science Center at Houston ("university"), and directives issued by administrative officials of the university or UT System in the course of their authorized duties. Students are also required to obey standards of conduct appropriate for an academic institution.

Any student who engages in conduct that violates the Regents' Rules and Regulations, university or UT System rules, or federal, state, or local laws is subject to disciplinary action whether the conduct takes place on or off university property and whether or not civil or criminal penalties may be imposed for such conduct. A student is also subject to disciplinary action for prohibited conduct that occurs while participating in any activities sponsored by the university or UT System, including, but not limited to, field trips, study abroad programs, inter- and/or intramural athletic activities, student organizations registered with the university, and laboratory and other rotations or clinical assignments, whether on or off university property.
